

## Financial Wellbeing 1-2-1 Sessions

Humber and North Yorkshire Health and Care Partnership has partnered with the independent financial education firm 'Better with Money' to provide individual "financial wellbeing" sessions. These are aimed to help you to take control of your personal finances to reduce money stress.

### When will the sessions take place?

The sessions will be held on 2 and 9 February 2023, and 2 and 3 March 2023 between 12pm and 7.30pm via Teams. You can book a 30-minute session at a time that suits you.

### What will be discussed during the 1-2-1?

The session aims to give you the tools and knowledge to take action around your personal finances. The experts can discuss various topics, such as budgeting, saving, debt, pensions, benefits, protection insurance, home-buying and investing.

Better with Money is totally independent and has no products to sell, so you can be assured that the information and guidance they give you will be unbiased and based on your own circumstances.

### Are the sessions confidential?

Yes. None of the information you discuss with Better with Money will be shared with Humber and North Yorkshire Health and Care Partnership without your prior authority or knowledge. We will ask you to complete a feedback form telling us of your experience, but this can be completed anonymously.

### Do I need to prepare anything for the session?

That's entirely up to you. There is no preparation necessary. Better with Money can chat through any money worries or questions you have on the day as they arise.

### Will I receive financial advice?

No, these sessions provide guidance only, not advice. Your coach will listen to your financial circumstances and help you to make an actionable plan to achieve your money goals.

Your coach will never recommend a specific company's financial product or specific investments ... that's financial advice. Neither will they provide you with any tax advice.

If one of our coaches signposts you towards a website or company, it's because they genuinely believe they have services or information that can help you achieve your goals. Better with Money does not receive any financial incentives from any other company to mention their services which means our coaching is totally unbiased and based on your needs.

Although our coaches have worked in financial services for many years and have achieved financial exams, the Financial Conduct Authority (FCA) does not regulate the support our coaches offer you as we do not provide advice.
